VS. BASEBALL™

GRAND SLAM ACTION! IT'S AMERICA'S FAVORITE PASTIME!

"There's the pitch ... it's smashed deep into center field ... it's going... going ... it's VS. BASEBALL!"

A GAME OF ACTION. A TEST OF SKILL AND STRATEGY. Players choose their own teams and step up to the plate in head-to-head competition against the computer or another player. At the controls, players take charge of the action at the plate and on the field. Hits, steals, home runs, double plays—just like real baseball!

And for the most realistic game play on the market, VS. BASEBALL's interactive dual-screen monitors let players view the action from behind the plate as well as from center field.
